ERN

Emergency Relief Network

The Emergency Relief Network (ERN) is an organised forum of animal rescuers. Launched in 2004 by the Wildlife Trust of India (WTI) and the International Fund for Animal Welfare (IFAW), as a common platform for rescuers to exchange knowledge and expertise, ERN today has evolved to focus on Disaster Response & Risk Reduction (DRRR) and best management practices for animal relief in regions spread across India.

**OVER
700
MEMBERS**

Our Aim

To provide immediate relief to distressed animals during natural or man-made disasters.

Who we are

Veterinarians
Wildlife biologists
Rehabilitators
Ecologists
Legal personnel
Forest officers

OUR ACHIEVEMENTS AT A GLANCE
